Year Two	Eiley
Year One	William
Reception	Hollie

## Class News

If anyone has any long, sturdy cardboard tubes spare (i.e. poster/wrapping paper tubes, NOT kitchen roll inners) please could you send them in. Thanks.

### Year Two

- Well done Year 2 for a hardworking week. We enjoyed our birdwatching in All Saints grounds and even had a mini history lesson on our departure from the church - Thank you Mr Pearce! Please can children bring in any bird spotting books for Monday's Science lesson in readiness for the RSPB's 'Great Garden Birdwatch'.
- In gymnastics, we travelled smoothly from high to low with a balance in between. Please practise balancing with your young gymnast - a great way to strengthen core muscles and create stillness. Any balancing photos would be greatly appreciated for a classroom display.

### Year One

- Year 1 have had a super week learning about toys from the past. If any parents or grandparents have any toys, games or old technology that they used to play with and are willing to send in for us to look at and talk about, it would be very much appreciated! We are very interested in this and will be coming home with questions to ask relatives next week.
- We have continued to learn about numbers to 20 focusing on estimating numbers on a blank numberline in maths.
- We have enjoyed practicing our balances and doing some partner balances in PE this week too.

## Reception

- This week reception have been busy birdwatching for the 'Big Schools Birdwatch'.
- We have been finding out about famous astronauts in our topic work and have written some lovely letters to Neil Armstrong. Keep up the good work Reception.
- Reception children have loved making junk models in their star challenges this week, if you have any recycling for our creative area please could you send it in, thankyou.
